

NSS MEMORIAL ARBORETUM

CELEBRATING THE LIVES OF THOSE THAT HAVE MADE A DIFFERENCE IN YOUR LIFE...PAST, PRESENT AND FUTURE

The arboretum stands as a strong reminder of what was, what can be, and of the many memories, traditions and stories that we will hold dear for years to come. Each tree represents a memory of a life and time that brought us to today, and each tree stands beside the other in support and recognition of the other.

The arboretum is intended for the living, as well as the deceased. It is something that will last for generations to come, is forever changing, and

something that needs to be nurtured and cared for, yet can stand on its own with minimal support. It is something that will be represented by variety and types, each unique with their own characteristics, and a symbol of our organization, our vision, and of the hopes and dreams of the people we support.

Consider a memorial plaque for the arboretum in the name of someone close to your heart. A nameplate with the information that you specify will be posted beside the tree.
